An award-winning architect has brought contemporary design sensibility to this charming 1930's cape. A deceptively large expansion without any loss of character or intimacy is the stunning result. Combining beauty and practicality with excellent flow, the open main level includes foyer; living room and dining room; gourmet kitchen; family room; master suite with artist's loft; and a screen porch and rear veranda. Three additional bedrooms (including a guest suite); a built-in home office; and a pristine oversized garage and work space complete this perfect package. \$925,000 Visit LizBrent.com for more info, including open house schedules.
